"An Almost White Reminder"

He was only a Christmas pony
That I wanted as a child
with silken mane
and coat of ember gray.

He always walked
with solumn steps
without my prod or beckon
But eventually always ending
In the hay.

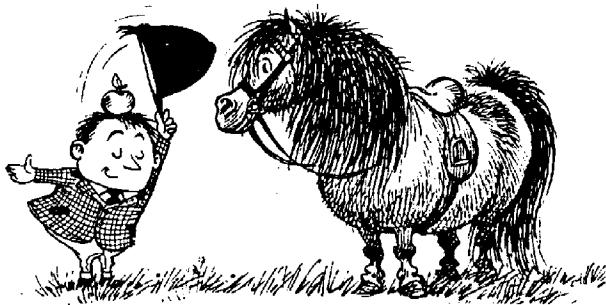

So now I've grown to faster feet
and saddles of carved leather
And fancy bits with silver
strewn within.

And yet beyond the high wood fence
at the far end of the paddock
Is an almost white reminder
of times past.

How do you do away
with all the memories of your childhood
The Christmas "Star" still shines
as seasons pass.

THANK YOU

1985 APPRECIATION AWARD

We in Region III are honored to recognize Pat Jubb as our most valuable member for 1985. For recognition of all her past and current services to our Region.... plus she has been a long and loyal worker. Pat was a member of our original AD HOC committee in 1978...helping to set up the guidelines...she was then Vice-President in 1979, and President in 1980. She remained as a Region III Board member through 1981. As a National NATRC Board member in 1983, 1984, 1985... she has served our Region and our Board by keeping us informed of all National policies and Board decisionsattending all our regional Board meetings as a voting member. Pat was also our "riders' vest" committee designing & making vests in 1979, all which we are still using today. She has been Horse & Rider Points & Mileage secretary for 1984 & 1985. Pat has been instrumental in organizing many of the Colorado Springs clinics; and, she is always willing to help and support other clinics; and, to present & represent NATRC National at various programs in our Region. Pat was one of our first NATRC Horsemanship judges in Region III....having been a judge since 1972. As a Horsemanship judge, Pat is always willing to take extra time with Novice riders and first-time riders. Along with all the above activities, Pat is also an avid competitor. When she is not judging, you will see her riding and competing on one of her two horses. PAT....thank you for always being there when needed in support of this great sport we all love!!

1985 NATRC NATIONAL CONVENTION

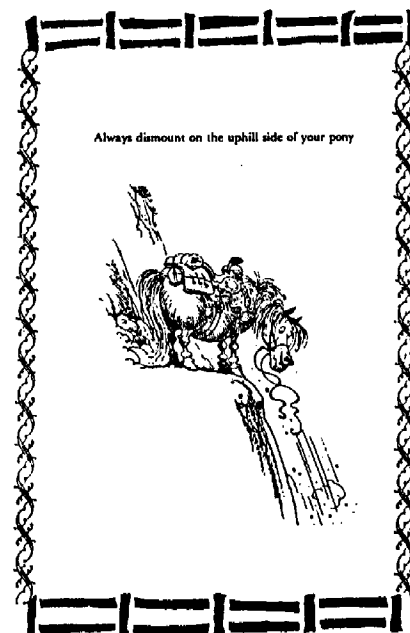

This year Region I is hosting the 1985 NATRC National Convention on February 7, 8, and 9 in San Francisco,

1985 REGION III SEMINAR

Braving much of the winter's sleet and snow, many of the Region III members came to see a great show!!

Region III's Ninth Annual Seminar was a good time had by all those attending. The guest speakers were very entertaining and informative; Dr. Margo Nacey kept us comparing & laughing about our horses' psychological attitudes that were so similar to our own!; Dr. Phil Bergen educated us on the proper conditioning of our horses to avoid injuries; and, Dr. Jim Friedly gave a hysterical talk on the meaning of your horses' hair whirls (or is it, whorls?). Many thanks go out to these wonderful guest speakers....AND, many extra thanks go to Laurie Butterfield and Jeri & Bob Avilla for organizing this fun event!!

HORSEMANSHIP POINTERS

TURKEY TRACK I

RIDE WRITE- UPS

May you always camp
Where the water runs sweet,
With plenty of shade and grass,
Where well trod trails
Of friendship meet,
As the kind years gently pass.

Turkey Track I Ride was held as scheduled on October 5th & 6th, 1985 despite the Stomatitis problem in Colorado. Out of 29 entries, we had 22 Novice riders. It was a beautiful blue sky weekend and the Fall colors were outstanding with all the purple asters, red oak and yellows. The canteen served great mexican dishes and the spaghetti dinner was super good! Gene Naugle and Pat Jubb did their usual thorough job of helping out the Novice riders and we even had Judy Tobias out in the bushes apprenticing. The judges had plenty of chances to see the riders, and Gene even caught a cat nap in one spot. A saddle was donated by Town & Country Feed in Tijeras Canyon for the combination Horse/Rider 1st Place award. Heather Hansche and her horse, Time Junior, of Tijeras, N. Mex. was the estactic winner. There was also a "ribbon tree" were everyone won something. Ike Mosgrove came down to steward our Ride and she was a real asset....thank you, Ike!

Our water crossing left many interesting comments on every card. Our P/R at Cedro Peak ranked comments of "oohs" and "aahs" and mouths opened in awe. It's a view you won't want to miss next year! We didn't ride desert either....we rode pine forests, draws, and meadows. A few cactus could be spotted and this year they should be in full bloom as our Ride will be held on July 19-20, 1986. The wildflowers are a sight to behold at this time of year. It will be hot, but the tree covered trails should be cool and there is almost always a breeze.

Come on down to Albuquerque in July and help us flood the trails with the sound of hoofbeats and cheerful voices!

Editor's Note: I want to thank Audrey for this excellent Ride write-up! I would like to ask the other past and future Ride Chairmen to PLEASE send me a similiar Ride write-up on your competitive trail rides. Please use the same format as Audrey did above. I would like to include one write-up in each issue of this Newsletter....so send them in ASAP! Thank you!

DO YOU KNOW YOUR FELLOW COMPETITOR?

This rider was born in Hanover, New Hampshire. Spent a good portion of her growing-up years at her grandparents dairy farm in Vermont. Attended the University of New Hampshire and graduated with a B.A. in Sociology. While working in Boston, as a Social Caseworker for Cambridge Welfare Dept. she met her husband-to-be....a third-year medical student at Tufts. They were married in 1967 and moved to San Francisco, where she worked for the Oakland Welfare Dept., while her husband interned at Mt. Zion Hospital. During the Viet Nam war, her husband was drafted by the U.S. Public Health Service and was assigned to the U.S. Federal Penitentiary at McNeil Island, in Washington state, which was thirty minutes to the mainland by boat. During this two-year period, she obtained a Masters Degree in Social Work in 1970 from the University of Washington in Seattle. Leaving the gray skies and drizzle of Washington, they moved to sunny Albuquerque, where her husband finished his medical residency. Here they met Bill and Judy Cumberworth, as Bill was also a resident at Bernillo County Medical Center. Under Judy's "tutoridge", she learned more about horses, and purchased her first horse, Redsky. After the residency, they moved to Taos, where her husband started his medical practice, and she went into the horse businessboarding horses. In 1975 they bought their first Arabian mare, now they have 20 Al Khamsa Arabian horses, which trace back in all lines to the original Bedouin Arabian bloodstock. They are extremely rare and now have their own directory.

Our rider started attending and working rides in 1975, and in 1981 she and her daughter rode their first NATRC Ride....Navajo Lake. She has two daughters, and they with Mom & Dad are now all enthusiastic NATRC boosters and riders. They have managed the Taos NATRC Ride for three years. This year they started their first Al Khamsa, bred, born and raised on their farm in competitive trail riding.

Breeding authentic Bedouin Arabians and participating in NATRC have been two highly complimentary activities, and our rider is happy to have an "arena" such as NATRC to test the results of their breeding program. She is "back down on the farm" again, but...."horseback riding is a lot more fun than milking cows!" she says.

In our last Newsletter, I requested for any Region III members to please send in articles of interest or information. Some people did just that. Some people ask us what "type" of articles. Judd Adams has put together the below list of subjects that anyone interested could go ahead and write about. Please send them to the editor. -JET

They are:

- 1) Selecting the Competitive Trail horse.
- 2) Training and Conditioning a new horse.
- 3) Getting a horse back into condition.
- 4) Trail first aid.
- 5) Nutrition for the horse.
- 6) Your most enjoyable Ride.
- 7) How to have fun on a Competitive Trail Ride.
- 8) Common ailments: how to recognize, prevent, & recover.
- 9) How to compete AND have fun on a Competitive Trail Ride.
- 10) Organizing a Competitive Trail Ride Club.
- 11)and, any other subject you wish to write about concerning our sport!

CSU EQUINE RESEARCH CENTER

Region III is very fortunate to be the home of Colorado State University's Equine Science Program. CSU will soon begin construction of a multi-purpose Equine Teaching and Research Center at Ft. Collins to further service horseowners. Since all funding for construction must come from private donations, they are in need of financial assistance. Currently the Equine Center is having a campaign to obtain donations from horse organizations, such as Region III.

If you would like to participate individually or through Region III with a tax-deductable donation, contact:
